

# Career Opportunities

## Electrical Engineer

We have an exciting opportunity for an **Electrical Engineer** to join EA Networks.

- Ashburton Based
- Transformational Role within a Diverse Team
- Career Development Opportunity

### About Us

EA Networks is a locally owned cooperative network company based in Mid Canterbury. We own and operate the region's electricity distribution network, as well as an advanced fibre optic communications network. Being locally owned and operated means EA Networks and our 120 staff, have strong ties to the local community that we work and live in. The core focus for EA Networks is on infrastructure investments that provide economic benefit to the region, maintaining a resilient electricity network and supporting the local community. More information is available on our website [www.eanetworks.co.nz](http://www.eanetworks.co.nz)

### The Role

In this role, you will be responsible for monitoring data and offering strategic and innovative solutions for delivery in the field. This will include systems, applications and solutions analysis, providing technical support to project teams, capital project analysis and reviewing distributed generation connection applications. As a valued member of our team, you will be mentored within this role and have the opportunity to work on a diverse range of projects with a focus on continuous improvement.

### Your Skills and Experience

Ideally you will have a Bachelor of Engineering (Electrical) with a minimum of two years' experience in the electrical generation, transmission or distribution space while being able to effectively contribute to a fast paced, high energy working environment. Your interpersonal skills and ability to question the status quo will be key within this role, as is your ability to communicate across teams within a workplace that embraces diversity. This is a great opportunity to take the next step in your career working in a supportive team environment while being based in the great lifestyle region.

**Apply:** The recruitment of this role is being facilitated by Branningans. To learn more about the role and to apply please [click here](#). Applications close 5pm Thursday 23 September 2021
