

Career Opportunities

Engineering Manager

We have an exciting opportunity for an **Engineering Manager** to join EA Networks.

- Ashburton Based
- Transformational Leadership Role
- Network Performance Focus

About Us

EA Networks is a locally owned cooperative network company based in Mid Canterbury. We own and operate the region's electricity distribution network, as well as an advanced fibre optic communications network. Being locally owned and operated means EA Networks and our 120 staff, have strong ties to the local community that we work and live in. The core focus for EA Networks is on infrastructure investments that provide economic benefit to the region, maintaining a resilient electricity network and supporting the local community. More information is available on our website www.eanetworks.co.nz

The Role

Based in Ashburton and reporting to the GM Network, you will lead a team of direct reports in the Engineering and Drawing Office. Your role will be to deliver strong leadership within the Network team to support the delivery of a safe, reliable, electricity network. In this role you will work with your team to provide the GM Network considered, strategic, tactical planning and delivery recommendations based on data analysis that you will monitor within the network. As a key leader within the business you will provide insights, guidance and work collaboratively to deliver a reliable, efficient and safe network that acts as an enabler for its community.
