About EA Networks

At EA Networks, our people are critical to ensuring we deliver our promise to keep the lights on and the web connected in Mid Canterbury. We are a stable, successful, industry-leading business which is currently looking for highly motivated people to join our innovative, friendly and dedicated team.

About the role

We are looking for a motivated team member who will be responsible for capturing the specific location and installation characteristics of assets owned by EA Networks. The focus for this role will be to update CAD/GIS models and office systems, to assist EA Networks in keeping track of power and fibre-optic infrastructure.

Required Skills & Experience

- Using GIS applications; preferably Hexagon's Gtechnology product
- Good over-all computer skills.
- Using the AutoCAD application (desirable but not essential, training will be provided)
- Physically mobile as large portion of work will be outdoors.
- High level of attention to detail and accuracy.
- High level of interpersonal communication skills (written and verbal).
- High level of general computer skills.
- Hold a Full New Zealand Driver's License (Class 1).
- A relevant qualification which has elements of GIS and Geospatial studies would be advantageous.

Join Us

Competitive remuneration is on offer for this role, as is the opportunity to work for a trusted locally-owned organisation at our modern, purpose-built business park premises. EA Networks has a strong focus on people, culture and a commitment to leading edge technology. If you would like to pursue the opportunity presented by this dynamic role, please submit your CV and Covering Letter in confidence.

Please note: Applicants for this role must be legally entitled to work in New Zealand and be available at short notice to attend an on-site interview at our office.
