About EA Networks

At EA Networks, our people are critical to ensuring we deliver our promise to keep the lights on and the web connected in Mid Canterbury. We are a stable, successful, industry-leading business which is currently looking for highly motivated people to join our innovative, friendly and dedicated team.

About the role

We are seeking a motivated engineering graduate to implement and maintain systems for our power network. You'll develop designs and manage tasks which enhance network performance through the application of electrical engineering, control systems and IP/serial communication skills.

Required Skills & Experience

- Bachelor of Engineering in Electrical Engineering.
- Recent experience in a similar role and/or industry.
- Sound computer skills.
- High level of interpersonal communication skills (both written and verbal).
- High level of attention to detail and accuracy.
- Maintain a full NZ driver's licence (Class 1).
- Team player with a high level of personal responsibility.

Join Us

Competitive remuneration is on offer for this role, as is the opportunity to work for a trusted organisation at our modern, purpose-built business park premises. EA Networks has a strong focus on people, culture and a commitment to leading edge technology. If you would like to pursue the opportunity presented by this dynamic role, please submit your CV and Covering Letter in confidence.

Please note: Applicants for this role must be legally entitled to work in New Zealand and be available at short notice to attend an on-site interview at our office. For more information about the role and EA Networks, please visit eanetworks.co.nz.
